

# Scratch Card: Piano

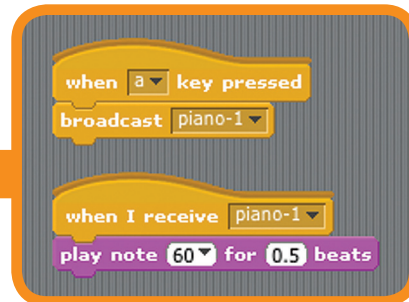

Keep track of your progress by  
ticking off the boxes below:

1. **Draw a piano** by creating  
black and white rectangles.

☐

2. Now create a script which plays a note when  
the "a" key is pressed.

☐

3. Create two more notes when you  
press "s" and "d" on the keyboard.

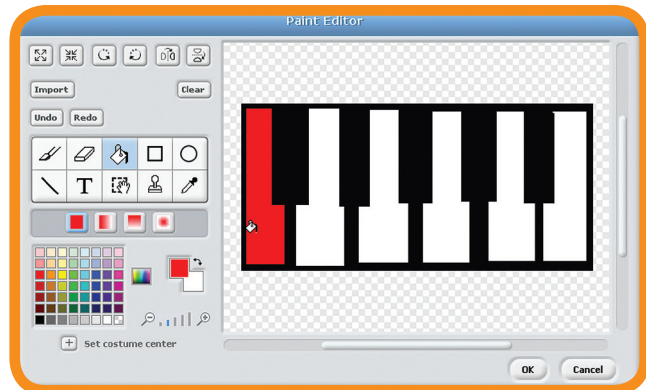

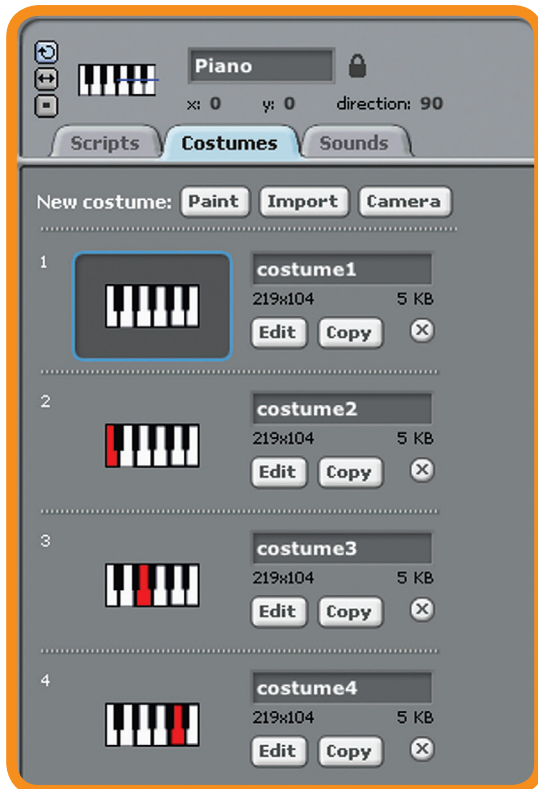

☐

# Scratch Card: Piano

Keep track of your progress by ticking off the boxes below:

4. Copy the costume **3 times**. Fill in a **different key** on each one.

☐

5. Make each note switch to a different costume and then switch to **costume1**.

☐

6. **Extension activity:** Create a way to change the instrument.

☐
